DECEMBER	Celebrations Around the World

Major themes are 'prompts'; they are not the lesson, rather the underlying foundation of all your lessons for that month. They are not restricted to their 'primary dictionary meaning' - think about the things that interest your students and the areas they are developing in and how best to tie the major theme into your lessons to help and "meet children where they are"

Extended examples (*nothing is 'wrong' if it aligns with learning objectives*)

Environment: *Earth, Universe, As a part of history (dinosaurs!), Ice Age*

Families: *Of people, animals, cultures*

Careers: *Community Helpers, Flying Careers, Driving Careers, Entertainers*
